<b>RESEARCH PROJECT</b>	<p>The research project has to be presented in the field of the doctorate topics, maximum length of 12.000 characters (with spaces included), with an abstract, introduction, bibliography and collaborations (the research project is requested with the aim to evaluate the general attitude of the candidate to the research work). The research project can be presented in English language.</p> <p>In the application forms, the candidate has to indicate whether he/she wants to participate to the selection for the “standard positions”, to a selection for one of the “positions with specific topics”, or both. In the latter case, the candidate may submit the same project or two different research projects indicating, in the file name of the additional one, “specific research topic scholarship”. If a candidate wanted to participate to different selections for the “positions with specific topics” has to present distinct research projects.</p> <p>It is essential that the candidates clearly indicate the selection/s they wish to participate in and the related research project/s.</p>											
<b>FURTHER INFORMATION</b>	<p>The interview is also intended to verify candidate knowledge of the <b>English language (level B2 or higher)</b>. Selection of applicants will follow a two-step evaluation (see scheme below).</p> <p><b>Step 1) Preselection for admission to the interview:</b> The Committee will evaluate:</p> <ol style="list-style-type: none"> <li>1) CV (European format) with indication of qualifications (e.g. awards, certificates of research experience and/or attendance of courses relevant to Earth Sciences) and all publications of the applicant.</li> <li>2) Publications by the applicant attached to the application. Publications will contribute for a maximum of 3 (three) points.</li> <li>3) Research project. In this phase the project will be evaluated for its coherence with the Doctorate in Earth Sciences and for its feasibility, in general and within the Earth Sciences Program. (Note: the project presented will not necessarily be accepted as the final thesis project for the applicant).</li> </ol> <p><b>Step 2) Interview:</b> The <b>interview</b> will focus on a discussion of the research project presented. Good knowledge of spoken and written English is required.</p>											
<b>INTERVIEW MODE</b>	<p><b>Remotely</b> (Videocall)</p> <p>The interview can be conducted in English language</p>
